LIONS QUEST TEACHER LOG INSTRUCTIONS

Teacher logs should be completed each week and submitted to Donna Kempner. If you teach Lions Quest to more than one classroom and all of the classrooms are taught the same lesson with no variance in time, content, etc., you may complete one teacher log for all of the classes together, however, please indicate the number of different classrooms you taught the lesson to in the space provided at the top of the log (Question 1). If your classrooms are on different lessons or implementation varies in any way, please complete separate logs for each class. If you have any questions, please feel free to email Jennifer_Kahn@gse.harvard.edu.

Step 1

Fully complete the top portion of the teacher log. If you teach Lions Quest to more than one classroom of students per week, please indicate the number of different classrooms in Question 1 or complete separate teacher logs for each classroom. Please indicate the period(s) of the classrooms taught at the top of the page in the space provided.

Step 2

Indicate the activities that you completed by putting an "x" on the day you completed the activity. We recommend filling out the log throughout the week as you teach the lesson.
